PVPD arrest Prescott man on charges of kidnapping and aggravated assault

On December 8th the Prescott Valley Police took a report from a victim in Sedona who reported she was repeatedly assaulted in a Prescott Valley hotel room.

Officers learned that the 48 year old female victim was friends with the suspect in this case, who is being identified as 50 year Angelo Tornambe of Prescott. The victim agreed to assist Tornambe with moving some of his belongings out of his residence.

Tornambe was going to stay at the Days Inn in Prescott Valley for the night. The victim and Tornambe were in the hotel room and Tornambe reportedly made sexual advances on the victim. She pushed him away and said no to his advances. He then reportedly became very angry and assaulted the victim by striking her numerous times.

Tornambe took the victim's cell phone and keys and did not allow her to leave the hotel room. She told Detectives she was physically assaulted off and on by Tornambe for a period of 10+ hours.

When the victim was eventually allowed to leave the room, she drove to the Verde Valley area and went to an urgent care facility for medical treatment. Detectives learned that the victim sustained multiple facial injuries.

When Tornambe was contacted by Investigators he refused to speak with them.

Detectives executed a search warrant on the hotel room where the incident took place. They collected evidence related to this case.

Tornambe was arrested and booked into the Yavapai County Jail in Camp Verde for aggravated assault, kidnapping, attempted sexual assault and assault.
